## Womens Institute Conference at Strathmore

The annual conference of the United Women's Institute, held on Friday, October 12, following a luncheon served by its members at Strathmore Institute, about thirty ladies were present, owing to the absence of the convener, Mrs. S. E. Hall, Mrs. C. Lynch, Strathmore, who gave an outline of the conference.

Conference opened by singing O Canada, followed by reading the Chairman's (Mrs. S. E. Hall) report, and approved. Letters of welcome from Mrs. Hall were read and responded to by Mrs. McKnight, Strathmore, who gave an outline of the beginning of the first institute in Strathmore and who urged all to stand behind their elected to the office.

Reports were read from the various Institutes as follows:

An amendment was voted to clause 1 of Finance Regulation that the convener's official visit to each branch be paid from constituency fund. But the expense of any extra visit he paid by the Institute extending the invitation.

Next year the conference will be at Langton.

#### Standard Report

Sent flowers to sick members in Calgary hospital. May call visit, "Some thing about Mother." Debate "Is war, a necessary evil?" Arranged for lecture on machine attachments and decorative stitches. Buying community book books. A group sale and lunch dress from Shakespeare. Mrs. C. P. Dyer gave a very pleasant afternoon's entertainment, instructing the members in the art of flower making. Sent two delegates to convention in Edmonton, and our delegate to conference in Medicine Hat.

#### Langton Report

Have forty-nine members, two meetings a month, average attendance twenty-two. Unifying the flag and reading the club women's creed at the opening of every meeting. Printed programme, entertained husband and families at a social evening. Husband furnished the entire programme, the ladies the eats. This is to be followed by another evening when the ladies are to furnish the programme (without much notice). A musical afternoon was held. Several good reads have been given. There was a musical picnic, which, on account of a rainy day, proved to be two, each a success. Entertained Cheville Ladies' Club. This club had previously donated twenty-five dollars to help in a charitable cause.

Convener Mrs. Hall gave a paper on "Dress as an Expression of Personality." Charitable work included \$25 to Sunshine society, sewing some

school clothes for little girl, \$50 to May. Clinic for operation on a boy. Sent flowers to Anne Hill.

Our president, Mrs. Fulton, was sent to the provincial conference at Edmonton, as delegate, and language was learned by Mrs. Fulton, who was chosen to reply to Mayor Laidlaw's address of welcome. A house lunch concert was held. A debate "Social Capital Punishment: Be Abolished" was discussed. A house lunch concert was held. A debate "Social Capital Punishment: Be Abolished" was discussed. A house lunch concert was held.

Prohibition has come in for its share to abolish the evil as it now exists.

With our main "The Home and Country," our creed and the importance and enthusiasm of our president, and cooperation of all our members, Langton institute hopes to make 1921 the best year.

#### Nightingale Report

Have fourteen members, one meeting each month, send flowers to sick, are working for a banner. Presented a beautiful visit watch to the secretary who was moving away, and are planning on building a church.

#### Strathmore Report

Have printed programme, twenty-two members, average attendance twenty-two. Sent flowers to sick members, and their family when ill. A paper by Rev. Mr. Howe on "The Value of the Institute to the Community." Read and poetry sale, musical picnic, and four members held a birthday tea. Talk by Dr. Giffen on the diseases of children. A Christmas gift meeting, each member brought a gift. Numbers are made and attached to each. Duplicate numbers are shaken in a bag, each draws one and receives gift of some variety. We intend to keep this up. Each year we serve hot-dogs, coffee, tea, and cake at the school fair. At different times we had demonstrations: biscuit making, cabbage salad, chicken salad, and for cream. Miss Anderson, of the extension service of the department, gave a demonstration of ironing. Did sewing for children, sent delegate to annual convention.

Mrs. C. Lynch-Staunton, of Lundbeck, director for the southern district, gave a splendid address on "Our Obligations."

The social part of our conference was first our luncheon at which we sang "Praise God from Whom All Blessings Flow," afterwards made music as we enjoyed the delicious viands. A musical number by Mrs. Sullivan, Cluny; two songs by Mrs. Wooner, accompanied by Mrs. Rowe, Strathmore.

## Carsland Notes

Carsland is quite on par with other localities when it comes to going 24 hours a day.

More interest was shown last Monday, at our local J. P. O. office, when two of our citizens were sitting there to receive Justice Landrum. Mrs. Landrum, Miss Doris Field and Miss A. Langston attended J. P. O. court at Calgary last Saturday and Sunday.

Mrs. G. C. McNeely's last Friday afternoon. The delegates are still pleased, and with a weekly allotment of three or four cars there seems little hope for such relief.

Mr. Harper is riding in a new Ford these days.

The C.P.R. threatens action against contract holders in arrears, if they don't "come terms" on or before November 1st. The number of engines seems to run along in about the same direction. "Six" it while the getting seems to be good.

The snow storm last Monday held the roads for a while.

Leonard Krueh had a narrow escape last week when a set of screws on the wheel of the engine caught his shoe, tearing the clothes all off of that side of his body, badly bruising his shoulder, and side of his face.

The new school building begins to take shape though the contractors mean to have it completed in the shortest possible time.

Ray and Thomas, who works for Fred Landon, reports a yield of 321 bushels of oats per acre on stubble.

There will be quite a lot of wheat turned over in the Wheat Pool on Monday. Some of those few who withdrew, are talking about going in again.

#### Election of Officers

Election of officers for the following year are as follows:  
Constitutional Convenor—Mrs. Fulton, Langton.

Constitutional Secretary—Mrs. Mrs. Langton.

Child Welfare—Mrs. Zeride, Strathmore.

Education and Better Schools—Mrs. Thompson, Cluny.

Legislation—Mrs. M. Klummet, Nightingale.

Immigration—Mrs. E. Way, Strathmore.

Household Economics—Mrs. Chris. Hall, Strathmore.

Archievements—Mrs. Michael, Gleichen.

Canadianization—Mrs. Darston, Queenstown.

Publicity—Mrs. Fulton, Langton.

Moved and seconded, and approved by each institute attending this conference that each institute contribute early in the new year, 1921 for constituency fund. On account of illness Gleichen Institute was not represented.

(Cluny—Queenstown reports next year.)

## Liquor Act Cannot

### Be Enforced

DECLARES F. C. POTTS

—By—  
Independent Candidate of Calgary in 1921 Handles Prohibition in Vigorous Manner

Severely criticizing the Alberta Liquor Act, and stating that disgraceful conditions existed amongst the young people of our province as a result of its enactment, conditions that were a menace to the growing generation, Mr. F. C. Potts declared that we live under a system of brutal exploitation, stood upon, and upon the most. A system under which our citizens are treated as slaves. He said that we employ methods under which any other civilization would be judged for.

#### Cannot Be Enforced

No matter how stringent the laws are, or may be made, it is impossible to enforce any prohibitory law, and so quoted from the annual report of Commissioner W. C. Ryan, of the A. P. C., to the effect that it was impossible to enforce the liquor act that was on the statute books at present. The commissioner recommended a permit and license system of sales by the government.

#### Financial Situation

While Alberta has been showing a deficit of approximately five millions of dollars during the last few years, P. C. and Quebec are showing millions of dollars in profits which are distributed in the provinces for better road conditions, educational channels, hospitals, etc. Compared to the Quebec model with our roads in Alberta, particularly government highways—(read apparent).

Manitoba, in its first month's operation, shows a net profit of over \$1,000,000, which means \$40,000 goes to the tax payers and the balance instead of the bootleggers.

#### Clause "D"

Clause "D" was fully explained as the preferable method, and does not mean the return of the bar; neither did our government ever intend it to mean the return of the bar, and the committee who drafted the bill were two very ardent prohibitionists. Clause "D" according to Attorney-General J. E. Brownlee, provides for government sale of medicinal liquors by government vendors, and sale of beer on licensed premises, by such regulation as the legislature shall see fit to enact. That is up to the legislature to say what "licensed premises" shall constitute, and it does not necessarily mean sale of beer by hotels.

# REDUCED TAXATION

## A vote for Government Control means:-

GENERAL PROSPERITY AND STABILITY—BALANCING THE PROVINCIAL BUDGET—REDUCED TAXATION AND INCREASED PROVINCIAL GRANTS—WIDE GOVERNMENT ROAD PROGRAMS—REVIVAL OF AGRICULTURAL EXHIBITIONS—STEADILY INCREASING LAND VALUES—MORE LAND SEEKERS WITH CAPITAL—INCREASED MIXED FARMING—THE FARM HOUSEWIFE'S PRIVATE BUDGET—MORE PUBLIC WORKS AND DRAINAGE—THE BANISHMENT OF THE BOOTLEGGER—A BIGGER, BETTER AND HAPPIER ALBERTA.

### MARK YOUR BALLOT THUS:

### A FEW FACTS

Last year the Premier of Alberta said the Provincial deficit would be \$2,000,000 at the end of the year it was actually over \$1,900,000.

This year he claimed the deficit would be \$1,016,000. Preliminary figures show this estimated deficit to be already exceeded.

Increased taxes have been placed on insurance companies, slot machines and oil taxes. What next? The farmer knows now just what the supplementary revenue tax means.

Do the public want more taxes, or do they want the government to get the millions now going to the bootleggers?

Quebec with decreased drunkenness benefited to the extent of \$4,500,000. With a general tourist revenue of \$100,000,000.

B. C. with less drunkenness benefited over \$2,500,000 and an increase of \$35,000,000 revenue from tourists.

The answer and cure remain with you.

## Vote 1 for Clause D

(a) PROHIBITION—Meaning thereby a continuance and development of the present liquor legislation; that is, meaning the abolition of the sale of all liquors excepting for strictly medicinal, sacramental, manufacturing and scientific purposes.

(b) LICENSED SALE OF BEER—Meaning thereby the sale of beer in licensed hotels and other premises as provided in the proposed Temperance Act.

(c) GOVERNMENT SALE OF BEER—meaning thereby the sale of beer by or through government vendors for consumption in private residences under government control and regulation, other liquors to be sold through doctors' prescription for medicinal purposes.

(d) GOVERNMENT SALE OF ALL LIQUORS—Meaning thereby the sale of all liquors by or through government vendors, beer to be consumed on licensed premises and in private residences; wines and spirits to be purchased in limited quantities under permit issued by the government, under governmental control and regulation.

## C. P. R. and the New Contracts

Farmers Given Alternative of Signing or Reverting to Old Contracts

The 24-year plan proposed by the C.P.R. this spring has not met unanimous approval. In fact a committee was formed as a result of meetings of the contract holders at various points, and this committee drew up an alternative plan of payment, which, however, did not meet with the approval of the C.P.R.

A meeting of the committee was held in Calgary last night when a motion was received by contract holders from the Company was considered. The committee, in the course of its deliberations, has made public the letter from the Company, and their comments thereon, which are as follows:

**Financially Unable**  
"Farmers are not in a position to make payments on their old contracts at the present time, and they do not want the contract proposed by the Company. Contract holders request very heavily the arbitrary action taken by the Company. The position in which these contract holders find themselves has not been materially bettered since spring. If C.P.R. seeks to enforce its demands for payment at this time, contract holders will be unable to meet their heavy local obligations, and in many cases will be compelled to go through the winter without adequate food or necessary clothing, or else to leave the province. Though there has been a good crop, little has been realized on it as yet, and the greater part of what is realized will be required at once to meet pressing obligations."

**Indignation Fanned**  
"The attempt of the C.P.R. to apply coercion under circumstances which are very different for the great majority of contract holders has aroused much indignation, and it is in response to the demands made by the contract holders that the mass meeting to be held on Tuesday has been called. We are circulating our members at once, and it is anticipated that in spite of the fact that there is no far from being contested, we shall have a good attendance."

The circular letter was issued from the office of the C.P.R. department of natural resources, Calgary, October 18 as follows:

**The Offending Letter**  
"In June last an office was made to you, in common with others, holding lands under contract from the Company, for the conversion of your contract into one based on the amortization plan, with payments to be spread over a period of thirty-four years."

No reply has been received from you, and your existing contract is in arrears, both as to principal and interest. It may be that you have not received from accepting the company's proposal by reason of the proposition of these responsible for the C.P.R. If Contract Holders' Indignation Association. The proposals made by that association the company could not and will not entertain."

"While the company has every desire to cooperate with you in making a success of your farming operations, it must be obvious that this cannot be accomplished by participation in a campaign such as has been instituted."

"It is necessary that you should at once determine what course you intend to follow, and either make a payment on account and have your contract converted to the new plan or substantially reduce the amount now owing under the contract."

"Failing some satisfactory reply from you on or before the first of November next, we will have no alternative but to take proceedings for collection."

**No Reason Given**  
In conclusion the committee wishes to point out that such action as is proposed by the C.P.R. must inevitably tend to promote emigration at a time when the promotion of immigration is greatly needed as a national policy."

**OF LOCAL INTEREST**  
Readers are requested to send in items for this column not later than 12 o'clock Monday morning preceding day of publication. All local news items are welcomed. By the standard. Phone 1 or 10

Mrs. J. H. Martin, and son, Jove, returned on Monday of this week after spending the past four months in her native province, New Brunswick.

Don't forget that Monday, November 18, is polling day.

A. Koracz, 2 miles east of Strathmore averaged a yield on 42 acres wheat of 28 bushels per acre, and at the same time had a hail adjustment of 25 per cent.

Mr. Archd. McLean, Jr., Nightingale, had 2800 bushels wheat off 110 acres, with hail damage on part of the crop.

Mrs. F. Moore, Leader, Sask., visited her parents, Mr. and Mrs. Tom Crawford, last week.

Mr. C. H. Armstrong, of Windsor, Ontario, is visiting with his cousin, Mr. H. Anderson. He is accompanied by a friend, Mr. Cecil Nield, of Toronto.

Councillor E. B. Wolheim and secretary-treasurer W. W. Way, are attending the conference of Municipalities at Edmonton this week, as representatives of M. D. Bow Valley.

Mr. S. E. Hall is seriously ill at present in Calgary.

Mr. J. H. Cope, of Toronto, Ontario, is on a visit to his parents, Mr. and Mrs. J. W. Cope.

A daughter was born to Mr. and Mrs. David Englund, at Calgary Holy Cross Hospital, on October 19th.

## Quebec and B. C. Under Clause "D"

A Few Personal Observations To the Editor of the Standard.

Dear Sir:  
To take the true measure of the enemy is the prime part of war, as said Napoleon. Talking Napoleon's word for it I lied away to a Modern Lion League meeting in Exeter Hall, Calgary, a short time ago. A Mrs. Bishop, of Edmonton, was the chief speaker. I hope Mrs. Bishop will sit down quietly and read her speech to herself after the campaign is over, as she will then realize how lacking it is in evidence to support her sweeping statements. As I see it, the issue before the electors of Alberta on November 18 is wholly a practical one. The liquor traffic, under the name of the Moderation League (its Ontario title is the Liberty League) is urging the people to vote for clause D and holding out a handful of promises that remind one of the report of the two spies from the land of Canaan. Clause D will reduce crime, reduce taxes, promote temperance, and improve the social, moral and economic welfare of the people, etc. So say the Moderationists. I almost forgot the sin of disloyalty to the Bible which the prohibitionists are committing. We urge him that gives his neighbor drink and makes him drunken also. So says the Bible. What else the voice that will fall upon the people if the government, that is the citizens, become the official bartenders of the province? These words are already falling upon the people of B.C. and Quebec. Well now, what about B.C. and Quebec? Twenty years ago I went to B.C. as a missionary, my application being for the toughest mission in the west. I got what I wanted and lived there for four years. Last year I spent six weeks making a personal study of the effect of government sale, that is Clause D, in the government pushing the sale of liquor as vigorously as I can in the clubs in Vancouver under government sale of liquor. If we want his sort of thing in Alberta, vote for Clause D.

The above is the introductory part of a letter by Rev. W. G. Brown, of Red Deer. As the letter is lengthy, we have not the space to give it in full.

### Liquor Plebiscite On Monday

We take it that everyone is by now fully informed as to the nature of the plebiscite to be held next Monday on the liquor question.

The only thing that remains to be done now is to exercise the vote, and we trust that in the interests of the country, everyone who is entitled to do so, and not prevented by sickness will go to the poll. Only thus can the will of the people be ascertained. There has never, in any plebiscite in the past, been a full expression of opinion. This accounts to some extent for the unsatisfactory nature of the results achieved.

We do not look for a solution of the liquor problem by any measure that may be adopted by the legislature. The only way in which temperance can be avoided is by the action of the individual. Regulation will be effective in so far as it represents the will of an overwhelming majority of the people.

### Anniversary Supper and Concert

What is believed to be a record crowd attended the annual thanksgiving supper and concert held in the Union Church, Strathmore, on Monday evening. The Ladies Aid of the church put up a fine repast, which was much enjoyed.

A fine musical programme, the details of which were published in last issue, was rendered by the choir of the church, under the direction of Mr. C. A. Lydiatt. It is no exaggeration to say that it was one of the best ever heard in Strathmore, and it does Mr. Lydiatt great credit to have built up such a fine musical organization in the short time he has had charge of the work.

Short addresses were given during the course of the evening by Rev. A. H. Rowe, Rev. A. D. Currie and Rev. J. H. Gaudin.

The members of the choir were composed as follows: Madeline Bell, Evelyn, Wooster, Whitney, Tompkins, and Rowe; Misses Zerkle, Ewing, Macdonald, and Cape; Messrs Lydiatt, Wooster, N. D. Robinson, L. G. Robinson, Evelyn, Cape, and Anderson; accompanist, Mrs. Rowland.

Selections were rendered by the Strathmore orchestra, a saxophone solo by Mr. N. D. Robinson, and a cello solo by Mrs. Rowland.

### Functions of the Church

As usual, at this season of the year, appeals are being made for the support of church work, especially in our own particular districts.

The churches are, nowadays, regarded too lightly by a large proportion of our population. They do not support them either by attendance or financially.

This is but a passing phase. The history of every country shows that a proper appreciation of worship and religion is necessary for humanity, and we look for a revival of interest at some near date.

In our schools, nowadays, there is little or no provisions made for the teaching of morality or religion. This is where the church is necessary. A material education is useless or even harmful, if not accompanied by a moral education, and that is what the various churches provide. Religion is our link with the supernatural, with the hope of immortality which exists in every human being.

Our worship of material things is to a great extent responsible for present-day discontent. The ambition to make Alberta a better province, and Canada a better country can be attained only by a combination of the teaching of moral and material things to the rising generations, the former through the churches and the homes, and the latter through the public schools.

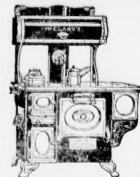

For these reasons we should make our contributions to the churches as regular and as large as our tax contributions to the schools.

### Help the Japanese Relief Work

The Alberta Red Cross Society are raising a fund for the relief of distress in Japan, consequent on the great earthquake, and the following letter of commendation has been received from Lieut-Governor Brett:

To the People of Alberta

The action of the Alberta Division of the Red Cross Society in soliciting the people to cooperate in giving donations of wheat or cash to assist in mitigating the suffering caused by the recent stupendous disaster in Japan, meets with my hearty commendation, and I appeal with confidence to the Provincial Press to bring the matter to the attention of their readers. By a generous response we shall comply with article 25 of the Covenant of the League of Nations and carry out one of the chief purposes for which the Red Cross Society was incorporated, namely, to rally to the relief of suffering humanity.

### WEAR A POPPY

#### ON ARMISTICE DAY

One hundred and fifteen cases of poppies have now reached the National Poppy Campaign Headquarters, Provincial Command, G.W.V.A., Calgary, and a special staff is busily engaged pushing out parcels to different parts of the province.

There is no excuse, this year, for anyone not to be in possession of a poppy.

Strathmore G.W.V.A. will have a supply of poppies for sale prior to the 11th.

November 11th will be most appropriate.

## LIQUOR REFERENDUM

### NOTICE TO VOTERS

Instructions to Voters as to Method of Marking the Preferential Ballot to be used in the Liquor Referendum in Alberta on Monday, November 5, 1933.

Issued Under the Authority of the Government of Alberta

#### THE BALLOT

#### [a] Prohibition - -

Meaning thereby, a continuance and development of the present Liquor Legislation; that is, meaning the Abolition of the Sale of all Liquors excepting for strictly Medicinal, Sacramental, Manufacturing and Scientific Purposes.

#### [b] Licensed Sale of Beer - -

Meaning thereby, the Sale of Beer in Licensed Hotels and other Premises, as provided in the proposed Temperance Act.

#### [c] Government Sale of Beer - -

Meaning thereby, the Sale of Beer by or through Government Vendors for consumption in Private Residences under Government Control and Regulation—other Liquors to be sold through Doctor's Prescription for Medicinal Purposes.

#### (d) Govt. Sale of All Liquors - -

Meaning thereby, the Sale of all Liquors by or through Government Vendors. Beer to be consumed on Licensed Premises and in Private Residences. Wines and Spirits to be purchased in limited quantities under permit issued by the Government, under Government Control and Regulation.

#### INSTRUCTIONS TO VOTERS

The voters MUST NOT use the X mark. He should mark the figure 1 opposite the question he wishes to become law. He should then mark the figure 2 opposite the question he would select as second choice, the figure 3 opposite his third choice, the figure 4 opposite his fourth choice. He must make no other mark on the ballot. The voter may "plump" for one question alone, using the figure 1, without spoiling his ballot, or he may vote for only two or only three choices.

Voters are urged, however, to vote the full extent of their four choices. There is always the possibility that the question of his first choice will not carry. In that case he should have a second choice and a third choice and a fourth choice. Only by marking the full number of choices does the voter obtain the full benefit of the preferential ballot, and the government obtain a complete expression of the opinion of the people.

## Slats' Diary

Friday—Was at the Pitcher show today. A pa began showing me around. I don't go to the show on the 1st before he sat down. I was he went of him having yet if I had not suggested to him he should ought to let photos are how interesting I have been keeping.

Sat.—They was a quiet wedding in the neighborhood. The young couple had been a going to gather for over a year and had set that the woman in the case must of got tired seeing the fellow of the opposing sex so much and married him to get out of him. Which is a pretty good reason to pass on to the fare sex namely Woman.

Sunday—They was a nother lady in here at home this evening and she is very fat and heavy and they got to talking about reducing your waist and she and she had tried the fougazee method and would of kept it up only it was too much trouble to go around up the fougazee every time it runs down.

Monday—Kiss everything has been a twirling of Dittie and reducing as this evening, pa decided to use a policy and get him to run into me and go to bed early and get up early and go to get only a little bit and take a bath every day but pa said When the one of killing yourself just to get to live a long time anyway.

Tuesday—Went to see Mr. and Mrs. Kink, today at the Kink's today. They it have had it never a yr. now and it still looks nice. Maybe they will trade it in on a new 1 while they got a good chance.

Wednesday—Well at about today we had a lesson on trees and the teacher tried to make it plain by naming each 1 of us late after a pair of the tree. Pa was the root and Dittie was the bark and John was the trunk and Elsie the leaf and some the branches and it was a good one. Jane and me as to which 1 was to be the Sab. I win.

Thursday—At Elsie's solemn law and Dittie had been saving there today by a car. last week they got caught saved but instead of being a lot they went and spent it in for a divorce.

MAE MURRAY IN HER LATEST, "PEACOCK ALLEY"

With Mae Murray in the story role of "Peacock Alley," which comes to the Memorial Hall on Saturday, motion picture fans will have the opportunity to see one of the most successful stage actresses in the land in the most elaborate production.

"Peacock Alley" presented by Kink Z. Leonard, by Edmund Tooting, based on a story by Orla Boyer, and is released by Metro Pictures Corporation the Tooting Productions. The story of a Parisian dressmaker falls in love with a small town American youth, and finds her husband people staid who she meets back to his home, resulting in the couple seeking their fortunes in New York. Is one which Mae Murray unusual opportunity to show in many gorgeous and artistic costumes among elaborate settings.

Among the notable cast which aids Mae Murray in interpreting this romance of two countries is Monte Blue in the leading male role, Edmund Lowe, W. J. Ferguson, Anders Randall, William Foster, Howard Lang, Willam Frederick, M. Durant and Jeffrey Lewis. Kink Z. Leonard directed. H. Oliver T. Marsh was the photographer.

Liquor Act Cannot Be Enforced

(Continued from another page)

Clause D was enacted by the committee and was to give our government an opportunity to analyze, or interpret the wishes of the people on the liquor question.

Clause E provides for the sale of beer on licensed premises; Clause F provides for the sale of all liquors by wholesale, government vendors.

Mr. Butler Speaks Briefly

G. Frank Butler, organizer for the Glendon & Bow Valley constituencies briefly outlined the conditions of his territory, stating all through his territory, the chairman of many of his constituents were prohibitionists and could not vote for him.

Butler has been invited not only by bootleggers and stout pigeons, but by an army of moral conservatives, and a great many votes will be cast against prohibition because, especially, of the evident attempt at domination in this connection. Most of these speakers come from Ontario. Mr. Butler stated to the friends who attended the liquor problem in their own province, and leave us to those to solve our own problem here, that many prohibitionists would be no more. What do they know about the conditions of Alberta?

B. C. and Quebec has been thrown up to us by these reformers, and one could naturally believe we were next to the lowest depths of degradation, and we are supposed to believe so. Ask any person living in either B. C. or Quebec, and they will tell you that it is Alberta that has the second place. Consult the Dominion Bureau of Statistics, which you can secure from Ottawa, and it will tell you drunkenness decreased in B.C. in 1922 over 1921, no government control over prohibition laws, 5.6 per cent, with seven stills in 1921 and seven in 1922; while in Alberta there were twelve stills in 1921 and 16 in 1922.

Exceptions to the remarks was taken from the report of Mrs. Connel's words, when she declared that government control could be getting operation in the way of the young people evidently. Mrs. Connel does not associate with the young people of Strathmore district, if she did she would have an "eyes-on" herself.
